

April 22, 2020

I would like to thank our members once more for your understanding, patience, and support since opening. We fully recognize that tee times have been difficult to secure, but still feel good that everyone has been able to get on the golf course over this last week. After reviewing the next seven-day weather forecast, we have elected to start tee times at 7 am beginning this Friday, April 24<sup>th</sup> through Thursday, April 30<sup>th</sup>. As you well know by now, we are still under very stringent capacity restrictions from Interior Health. By advancing tee times now, this will provide an additional 8 tee times or 32 players daily for a combined total of 224 players over the next 7 days. In trying to make it equitable for all, these additional morning tee times will be released tomorrow morning Thursday, April 23<sup>rd</sup> at 8:00 am. **Out of respect to the entire Membership, if you already have a tee time for the days mentioned above, you are not permitted to book these newly released early tee times.**

Golf Governing Bodies are currently working closely with Interior Health Authorities to get the capacity restriction of 50 people on the property at once including Team-Mates relaxed or lifted. As soon as this restriction is changed, we will notify you immediately. This will, with the earlier tee times, increase our daily inventory by more than 90 golfers a day, easing the abnormal pressure generated with no other business open for entertainment and many golf courses electing to open later than The Harvest.

As golf is the only recreational facility currently open, we are proud to be able to provide our membership the opportunity to enjoy your favorite pastime. Golf does indeed provide a much needed physical, social, and mental break during these difficult times.

## **Reminder**

- Cancel times or players name as required to provide fellow members the opportunity to play (including single player)
- Please smooth surface of bunker after use with your foot
- Please fix your ball marks & replace divots

Stay Safe & Healthy
