Interior Health Capacity Restriction Lifted

We are pleased to announce that we have just received notification from Interior Health that golf courses in the Interior Region are now allowed to operate with greater than 50 golfers on the property at one time. This will allow us to open twenty additional tee times (an increase of 80 players per day) effective tomorrow, April 28th. Upon the release of this announcement, tee times for tomorrow Tuesday, April 28th will be available for booking NOW (online or via phone). Tee times for April 29th through May 5th inclusively can be booked (online) at 8:00 am tomorrow morning, April 28th. If you elect to change your existing tee time, PLEASE release your previous secured tee time to avoid double booking (verify all four names in your previous and new booking to ensure accuracy).

Driving Range effective immediately will be open for pre-round warm-up and practice for members only (every 2nd stall will remain closed). Range hours are 6:00 am to 7 pm (opening hours Monday & Thursday will be 7:30 am to accommodate mowing) (closing hours Sunday & Wednesday will be 6:00 pm). As restrictions are still in effect, complimentary range balls will continue to be offered for Members for both pre-round warm-up and practice. Driver use and both chipping greens will remain unavailable until further notice.

Starting Friday, May 1st all members will be permitted to bring one guest for play on a 1 to 1 ratio (Corporate members must accompany guest). Expansion of guest and public play is expected to resume within the next couple of weeks.

I would like to sincerely thank all members for your patience and understanding since opening day. Its certainly been a frustrating time for everyone to navigate these first 11 days of this golf season. As you know, this was caused by the strict capacity restriction imposed by Health Authorities. We believe this is a positive first step of transition towards normalcy. By the way, you are the best Membership WEST of the Mississippi!

Stay Safe & Healthy
