BC Liquor

Distribution

Branch Strike

As you may have read, British Columbia is currently experiencing a strike throughout the BC Liquor Distribution Branch that will affect alcohol distribution. Therefore, any product distributed through the BC Liquor Distribution Branch (such as Carlsberg and many others) will be affected. However, we will maintain some products as we are currently dealing with many local microbreweries and wineries that will not be affected by this current strike. This strike is expected to last for the foreseeable future or until further updates are released from the BC Government/BC Liquor Distribution Branch.

The current BC liquor distribution strike will affect The Harvest Golf Club as deliveries may be

[Practice Facility](#)

delayed or cancelled due to the lack of product availability. It is worth noting that besides the liquor strike THGC, as well as many other local businesses, are still experiencing delivery shortages for many different products (such as Gatorade) amongst many other products. We try to limit the number of product outages, but unfortunately, this is out of our control.

We thank you for your understanding and patience during this transitional situation.

2022 Club Championship
