The Harvest  
Golf Club

## A Friendly Reminder

With the golf season well underway, this is a friendly reminder of some on-course practices that help maintain the golf course.

**#1. Please keep all four tires of a power cart on the cart paths whenever possible.**

**#2. Please rake bunkers after use, as rakes have returned to the course this season. Additionally, rakes should be left parallel to the fairway after use. This is to help maintain the integrity of the bunker's composition and make it the best possible playing conditions for the groups behind.**

**#3. Please use the sand and seed bottles provided to fill divots created on the tee and fairway surface. A divot made in the rough is not to be filled with sand and seed as it is a different type of grass.**

**#4. If you make a ball mark upon the green, please repair your ball mark to help provide the best possible playing conditions.**

**These are a few easy tasks that everyone should do on the golf course, be it members or the public, to help**
