## The Harvest Golf Club Flora Update

Kelowna's trees and flowers are currently distressed due to a series of extreme weather events in 2021 and 22. These harsh conditions, followed by two consecutive cold springs, have taken their toll on our gardens. These climatic factors have left our natural landscape in a damaged and fragile state.

Our head gardener, Wendy and her team have been hard at work removing permanently damaged plants and are diligently trying to regain the presentation of our long-standing gardens for the enjoyment of everyone.
