## On-Course Update

As previously mentioned, work on the fairway bunkers of holes #1 & #16 is scheduled to begin on Thursday, September 30th, and continue into Friday.

The sand material removed from both bunkers will be moved to the back of hole #11 tee box with tee enlargement work will begin very soon after. In addition, the sand material alongside hole #2 vineyards will be relocated to the hole #6 tee box to enlarge the tee surface. We believe adding new sand material to 5 bunkers and enlarging two par three tee boxes will help to improve general conditions in these areas.

Please note on Thursday, September 30th, play will start on hole #5 to maximize work time and minimize disruption to members.
